

User Manual

Welcome to Mijomi!

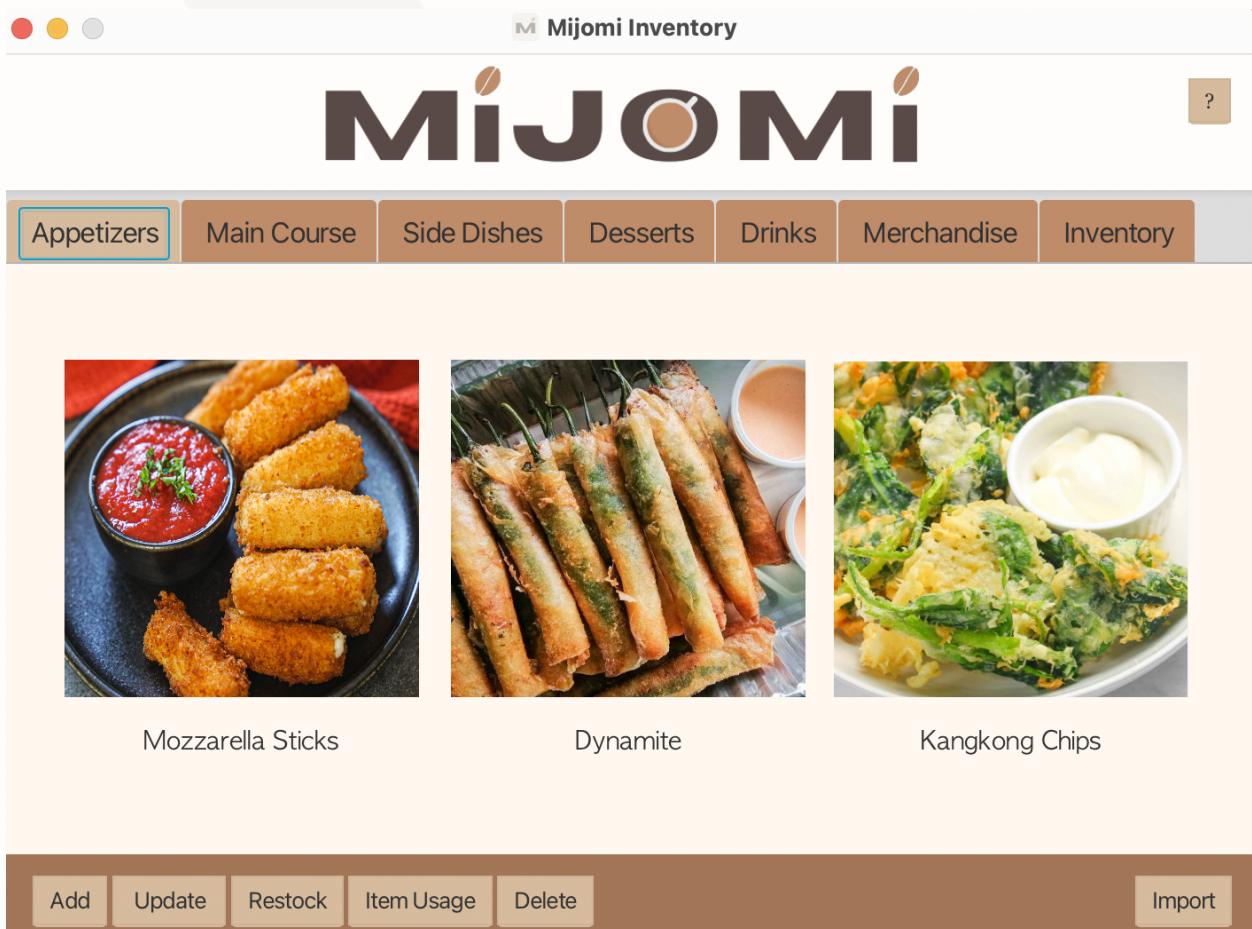

This manual contains a guide to the brand-new inventory system commissioned by the management. Please read through it thoroughly before using the system.

I. Interface

A. Tab Pane

There are six tabs in the tab pane to navigate for the appetizers, main course, side dishes, desserts, drinks, merchandise, and inventory.

1. Appetizer

a) Options:

- (1) Mozzarella Sticks
- (2) Dynamite
- (3) Kangkong Chips

Appetizers Main Course Side Dishes Desserts Drinks Merchandise Inventory

The screenshot shows a software application window titled "Mijomi Inventory". At the top, there are three small circular icons (red, yellow, and grey). The main title "Mijomi" is displayed in a large, bold, dark font with a small coffee bean icon integrated into the letter "i". To the right of the title is a question mark icon. Below the title is a navigation bar with seven categories: "Appetizers", "Main Course", "Side Dishes" (which is highlighted with a blue border), "Desserts", "Drinks", "Merchandise", and "Inventory". The "Side Dishes" section contains three images with labels: "Mashed Potato" (a white bowl of mashed potatoes with butter and chives), "Mac and Cheese" (a teal bowl of macaroni and cheese), and "Mojos" (a black bowl filled with fried green tomatoes). At the bottom of the screen is a brown toolbar with five buttons: "Add", "Update", "Restock", "Item Usage", "Delete", and "Import".

Appetizers Main Course Side Dishes Desserts Drinks Merchandise Inventory

The screenshot shows a software application window titled "Mijomi Inventory". At the top, there are three circular icons (red, yellow, blue) and a question mark icon. The main title "Mijomi" is displayed in a large, bold, dark font with a small coffee bean graphic integrated into the letter "o". Below the title is a navigation bar with seven items: "Appetizers", "Main Course", "Side Dishes", "Desserts", "Drinks", "Merchandise" (which is highlighted with a blue border), and "Inventory". The main content area displays three product categories with their respective images: "Mugs" (two light brown mugs), "Planner" (a black notebook), and "Tumbler" (three tumblers in dark blue, pink, and grey). Below these images is a toolbar with buttons for "Add", "Update", "Restock", "Item Usage", "Delete", and "Import".

B. Text Fields

Each user input to a text field will be stored and reflected per row in the table.

1. SKU
2. Item
3. Category
4. Item Size
5. Brand
6. Color
7. Type
8. Description
9. Add Amount
10. Item Usage
11. File Name

C. Buttons

Each button corresponds to a function to reflect the inventory stock on the provided table

1. Add New

Adding a new item:

- a) Enter data in a text field you wish to store.
- b) Fields marked with an asterisk (*) are required fields.
- c) Click 'OK' to save changes

Adding an existing item:

- a) Enter item name
- b) Click 'Search' button to fetch the item's data
- c) Click 'OK', the inputted amount will be added to the current item amount.

2. Update

- a) Select a row from the table.
- b) Click 'Update' button to edit any existing fields.
- c) Click 'OK' to save changes

3. Restock

- a) Input an existing SKU.
- b) Click 'Search' button to fetch the data you wish to restock.
- c) Input amount to Add.
- d) Click 'OK' to save changes

4. Item Usage

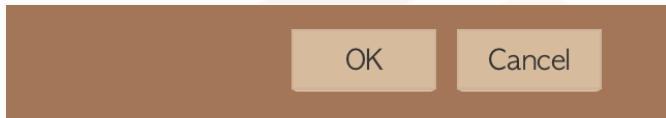

- a) Input an existing SKU.
- b) Click 'Search' button to fetch the data you wish to deduct
- c) Input amount to Deduct or Use.
- d) Click 'OK' to save changes

5. Delete

- a) Select a row from the table.
- b) Click the Delete button to remove the row from the table.

6. Import

- a) Input file name of csv file.
- b) Click 'OK' to save changes

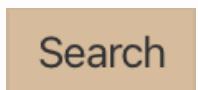

7. OK

- a) Saves changes

8. Cancel

- a) Closes the window.

9. Searches and displays the item's data

10. ?

- a) Opens the User Manual.

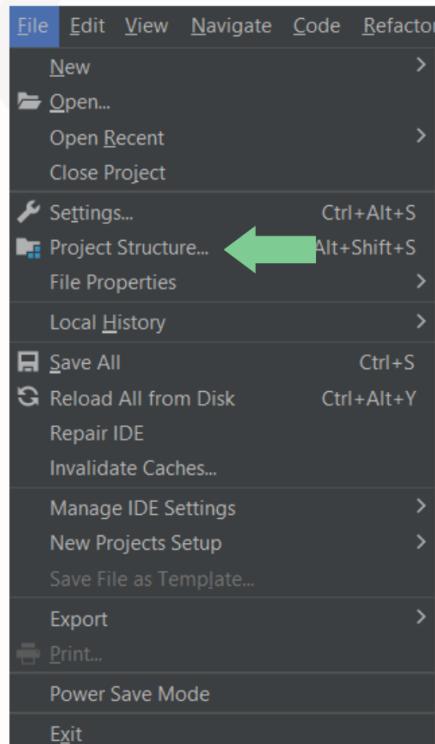

III. Other

A. SQLite

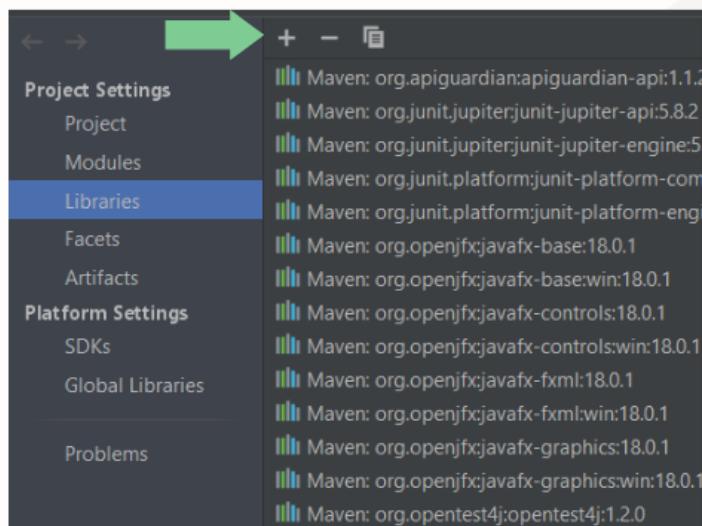

All values stored in the inventory will be stored in an SQL Database.

1. Downloading SQL

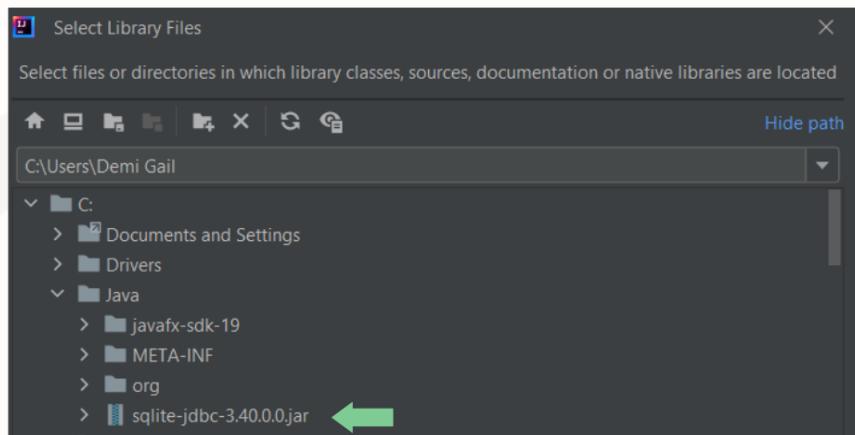

a) Select File.

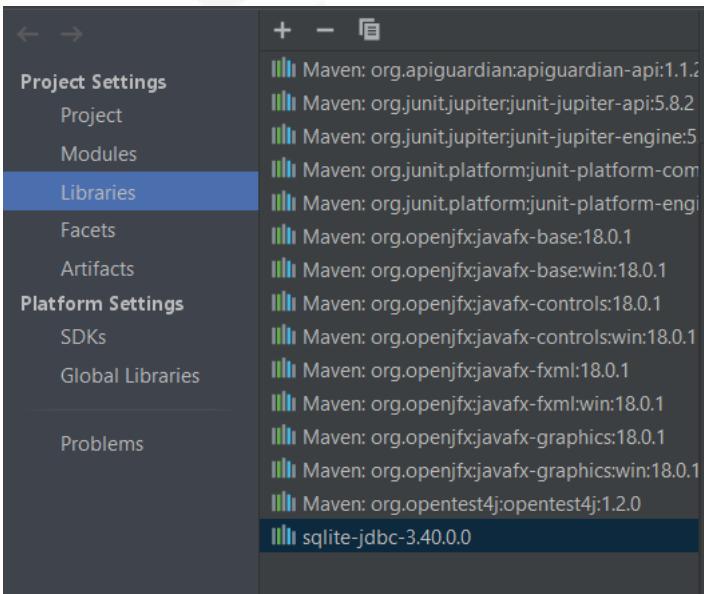

b) Click the + Button.

c) Find the downloaded SQL.jar file and Select it.

d) Click Apply.

B. CSV File

1. Format

- a) *The following format for csv file will be accepted:* Item, Category, Brand, Amount, Unit, Color, Type, Description
